

# C3P Centre for Critical Creative Practice WORK IN PROGRESS WORKSHOP

Thursday 31 May 4.30pm to 6.30pm  
LHA RESEARCH HUB

This first session will bring together as many members of C3P as possible to discuss how our individual research contributes to thinking about art, media and writing in the future. We will introduce the year's activities, and share some nibbles. Be prepared to present 2-3 minutes on your own research. HDR members are strongly encouraged to present.
